Dear members of the Manitoba Association of Home Economists,

On behalf of the Lac Du Bonnet constituency and the Progressive Conservative Caucus of Manitoba, I would like to take this opportunity to congratulate you on the Provincial Council of Women of Manitoba's 2013 *Celebrating Women* award.

Attending the *Celebrating Women* award ceremony on July 9th was an inspiring occasion, where I had the great privilege to hear from female leaders who are improving the lives of all people in our province.

Your receipt of this award truly reflects the contributions you have made in advocating for the continuation of the University of Manitoba's Home Economic and Human Ecology programs and research. The work you do for home economics research, education, and community projects is an inspiration to all Manitobans.

MAHE is most deserving of recognition through the 2013 *Celebrating Women* award. Once again, I would like to congratulate you on this honour, and I wish MAHE all the best in its present and future endeavors.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Wayne Ewasko'.

Wayne Ewasko
MLA for Lac Du Bonnet
Critic for Culture, Heritage and Tourism
