Dear Ms. Mager:

As the Minister responsible for the Manitoba Status of Women, I want to congratulate the Manitoba Association of Home Economists, Inc. on receiving one of the 2013 *Celebrating Women* awards presented by the Provincial Council of Women of Manitoba, Inc.

I commend your organization for the hard work that you have put forth in collaborating with others to assist Manitobans in improving their quality of life. This includes partnering with like-minded organizations like the Provincial Council who share the same mandate of promoting the welfare of Manitoba women, their families and their communities.

This award is evidence of the good work you have done and the strong effect that you have had on the women in this province. Once again, thank you for your considerable contributions to the well-being and quality of life of Manitoba women. I wish your organization every success with your future endeavours.

Sincerely,
